3. The following is an examiner's statement of reasons for allowance: See the arguments included with Applicant's appeal brief, filed September 15, 2008. The closest prior art of record fail to teach receiving from a user, a check at an automatic teller machine, and transmitting by the automatic teller machine, the image and the transaction result to a mobile device associated with the user. No prior art has been found that, either alone or in proper combination, teaches this feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
